

Diving Tours

Tours Available

School Sub Aqua Clubs enjoy a bespoke Scuba Diving holiday with T and T sporting solutions to Grand Cayman. The package will be inclusive of flights, accommodation, breakfast, excursions of your choice, evening activities, Scuba gear and DIVING.

Choose the dive sites you would like to visit and whenever possible we will ensure that you have a private boat, captain and scuba instructor to plan and lead you in your adventures. Dive recreationally, or increase your knowledge and develop your skills by taking the next Padi Qualification. You too could end up instructing in paradise.

Beginners are welcome and will be able to sit the Padi Open Water Dive Course intensively so as to enjoy some recreational diving towards the end of the scuba holiday.

GCSE Exam Course Diving

The WJEC exam board allows scuba diving as a sport in its adventurous activities section of the GCSE Physical Education exam. For GCSE students, passing the Open Water Scuba Diving course will give the participants a high level pass for this activity, invaluable on a course where 60% of the final marks is achieved through practical performances.

The syllabus for this part of the course was written on Grand Cayman where we would use experienced and highly qualified instructors to deliver the course to your students. Schools in Cayman have been enjoying this rewarding and highly cross curricular activity for years.

Leave the cold weather at home and bring your GCSE students to Cayman on what is guaranteed to be an educational life changing experience.
