

## ReMax - Knackerfest

### ReMax &ndash; Knackerfest

Strictly for the over 35's the Knackerfest gives an opportunity for many of the 'retired players' to have a run out against old friends and acquaintances from around the world and region. The Jamaican team is always very popular and well received as many of these relationships go back decades.

We have been lucky enough to have excellent representation from the USA teams and they are always a pleasure to host. Of course the Rugby is not the main event as with all Oldies tournaments it is the social side of the calendar that makes the tournament and the Knackerfest is no exception.

Held during the first weekend of 'Pirates Week' there are fireworks, street dances, bands and music all weekend long, mix in a little Rugby, social time and food and you have the perfect Oldies tournament.
